

# CONSTRUCTION NOTICE

October 2018

## Construction on 25th Ave NE has begun

Greetings | 誠摯的問候!

We are working to create a safer street for people walking, biking, and driving by repaving 25th Ave NE between Montlake Blvd NE and NE 65th St.

### WHEN WILL CONSTRUCTION START AND HOW LONG WILL IT LAST?

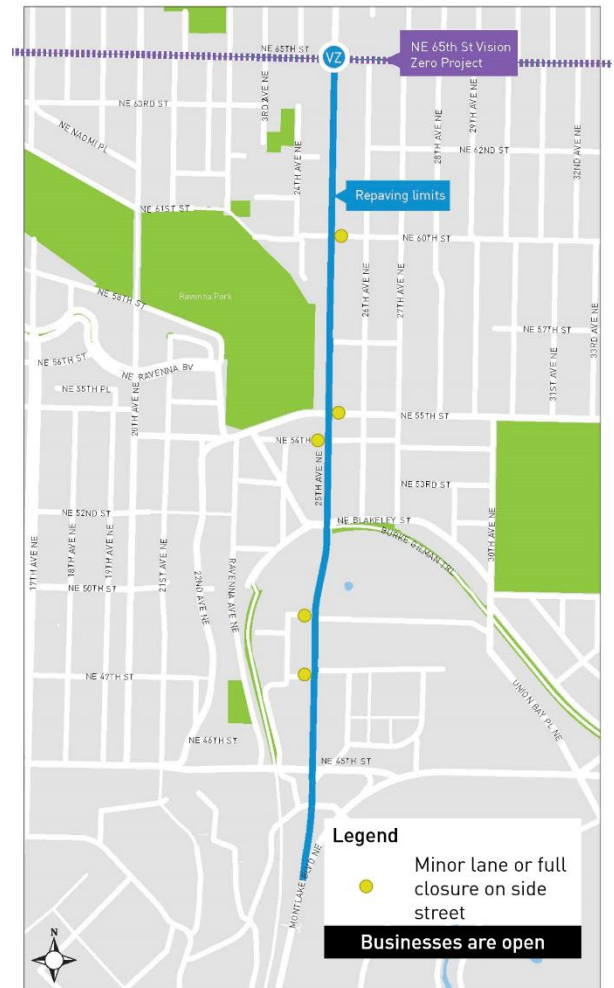

**Phase 1 of construction:** Crews began working Monday, October 1, 2018. Crews will first work to upgrade curb ramps, sidewalks, and storm drains, and repair and replace roadway panels in the street. Crews plan to work as late into the year as possible. Since our work is weather dependent, we anticipate having to take a couple of months off and then resume work in spring 2019.

**Phase 2 of construction:** Work in the spring will include grinding and paving activities. More information will be sent out as we approach this phase of construction.

To minimize impacts to you and your neighbors, we are coordinating with nearby projects that may be in construction at the same time, including:

- 35th Ave NE Paving and Street Improvements Project
- NE 65th Vision Zero Project

In addition, we're working closely with the University of Washington to schedule work around Husky game days and coordinating with the University Village to maintain holiday access. More information regarding what to expect during construction on the other side.

We know construction can be disruptive and we'll work to minimize impacts. Please continue to eat, shop, and visit 25th Ave NE throughout construction.

### WHAT ARE WE DOING TO MINIMIZE IMPACTS?

- Maintaining access to homes and businesses for people walking at all times
- Displaying "Businesses Are Open" signs to increase visibility and encourage patronage during construction
- Providing a single point of contact for questions and concerns that may arise during work
- Providing advance notice about construction through email updates and door-to-door flyers

## WHAT KIND OF IMPACTS CAN I EXPECT DURING CONSTRUCTION?

Construction impacts that are typical of this kind of work may include:

- General work hours from 7 AM to 5:30 PM on weekdays. There may be times when we work on weekends or at night.
- Construction noise, dust, stockpiled materials, large equipment, and traffic control devices
- **On-street parking restrictions 24/7** in and north of our work zones
- **Lane closures on 25th Ave NE 24/7** in work zones. One traffic lane in both directions will be maintained.
- **Lane or full closures of side streets** between 25th Ave NE and the nearest alley or driveway access point. No simultaneous closures of NE 47th St and NE 49th St will be permitted. These closures will impact the following side streets:
  - NE 47th St
  - NE 49th St
  - NE 54th St
  - NE 57th St
  - NE 60th St
- **Advanced notice will be provided** for night and weekend work, side street closures, and temporary restricted access to residential driveways
- Temporary bus stop relocations during construction. Please check with King County Metro for more information.
- Periodic traffic detours to nearby arterials
- Detours around work zones for people walking and biking
- Temporary restricted access to residential driveways; advance notice will be provided
- Access to homes and businesses for people walking maintained at all times
- Periodic flaggers or Uniformed Police Officers to help direct traffic

## WILL THERE BE SIDEWALK CLOSURES?

Yes. We'll be upgrading curb ramps and repairing sidewalks in select locations. We'll post signs for people walking indicating detour routes around work zones.

## WILL CONSTRUCTION BE NOISY?

You can expect to hear normal construction noises, like engines and other equipment, as well as louder noises, like pavement cutting. Nighttime work may occur, and we will let project neighbors know in advance. Nighttime noise levels must conform to the City of Seattle noise code.

## WILL CONSTRUCTION BLOCK DRIVEWAYS?

The crews will maintain driveway access throughout the project. During grinding and paving activities, expect driveway restrictions to be short-term and intermittent. We'll notify you in advance of any driveway impacts. We will maintain access for people walking.

我們即將在您住宅區的25th Ave NE施工，所以希望您對此 所了解：

- 重新鋪設街道
- 修補路緣坡道
- 改善巴士停靠站，以及在NE Blakely St設立新的巴士候車亭

如有疑問或關注事宜，您可以隨時致電
